

B.TECH COLLEGE FEE MANAGEMENT SOFTWARE USER MANUAL – STAFF EDITION

Screens • Buttons • Procedures • Receipts • Cash/UPI Register • Reports

Version 1.1 | Practical Training & Operations Guide

Note: Screen layouts and button names in this edition are illustrative training mock-ups. Replace them with your software's actual screenshots/buttons when available.

1. Login & Dashboard

Procedure

- Open the software login page.
- Enter User ID and Password.
- Click Login.
- Select the correct Academic Year if prompted.
- Confirm today's date and branch before posting any transaction.

LOGIN SCREEN	
College	ABC Engineering College
Academic Year	2026–27
User ID	accounts01
Password	*****
BUTTONS [LOGIN] [CLEAR] [FORGOT PASSWORD]	

Dashboard buttons

DASHBOARD	
Today Collection	■15,000
Outstanding	■12,50,000
Students	1,240
Cash / UPI	■5,000 / ■10,000
BUTTONS [STUDENT] [FEE COLLECTION] [RECEIPTS] [REPORTS] [RECONCILIATION] [LOGOUT]	

Click path: **Login** → **Dashboard** → **select module**. Never use another employee's credentials.

2. Master Setup

Step-by-step

- Admin → Masters → Academic Year → Add New.
- Enter year dates and Save.
- Masters → Department/Branch → add approved B.Tech branches.
- Masters → Fee Heads → create Tuition, Exam, Library, Lab, Transport, etc.
- Masters → Payment Modes → activate Cash, UPI, Bank and other approved modes.

FEE HEAD MASTER	
Fee Head	Tuition Fee
Programme	B.Tech – CSE
Year	1st Year
Amount	■50,000
Installment	3
BUTTONS	[NEW] [SAVE] [EDIT] [DELETE] [CLOSE]

Important: sample fee amounts are only examples. Enter the college-approved fee structure.

3. Student Registration

Click-by-click

- Student → Registration → New.
- Search by Admission No./Student ID first.
- Enter student details.
- Select Branch and Year/Semester.
- Enter scholarship/category information if applicable.
- Click Save and note the Student ID.

STUDENT REGISTRATION	
Admission No.	ADM/2026/001
Student ID	BTECH26CSE001
Student Name	Student A
Programme	B.Tech CSE
Year/Sem	1st / I Sem
Mobile	9XXXXXXXXX
Status	Active
BUTTONS	[SEARCH] [NEW] [SAVE] [EDIT] [PRINT] [CLOSE]

Duplicate check: always Search before New. Do not create a second record because a student has an unpaid balance.

4. Fee Structure

Procedure

- Accounts → Fee Structure → New.
- Select Academic Year, Programme and Year.
- Add fee heads and approved amounts.
- Set installment rules/due dates if supported.
- Save and test with one sample student.

FEE STRUCTURE	
Academic Year	2026–27
Programme	B.Tech CSE
Year	1st Year
Tuition	■50,000
Exam	■2,000
Library	■1,000
Lab	■3,000
BUTTONS	[ADD HEAD] [CALCULATE] [SAVE] [PREVIEW] [CLOSE]

5. Fee Demand / Installments

Procedure

- Accounts → Fee Demand → Generate.
- Select Academic Year + Programme + Year.
- Preview demand.
- Verify scholarship/concession exceptions.
- Click Generate/Confirm.
- Print/export demand list if required.

FEE DEMAND	
Academic Year	2026–27
Branch	CSE
Year	1st Year
Installment	I
Due Date	10-07-2026
Demand	■22,000
BUTTONS	[SEARCH] [GENERATE] [PREVIEW] [CONFIRM] [PRINT] [CLOSE]

Example: three installments of ■22,000 create an illustrative annual demand of ■66,000.

6. Fee Collection – Cash / UPI

Procedure

- Fee Collection → Search Student.
- Confirm student name, ID, branch and outstanding balance.
- Select fee head/installment.
- Enter amount received.
- Select Cash or UPI.
- For UPI, enter/verify transaction reference.
- Click Calculate/Preview, then Post/Save.
- Click Print Receipt.

FEE COLLECTION	
Student ID	BTECH26CSE001
Student Name	Student A
Outstanding	■22,000
Fee Head	Tuition – I Installment
Amount Received	■10,000
Payment Mode	UPI
UPI Ref.	UPI202609280001
Balance After Payment	■12,000
BUTTONS	[SEARCH] [CALCULATE] [PREVIEW] [POST] [PRINT RECEIPT] [CLEAR]

Do not click POST twice. If the screen appears slow, check the receipt/register before retrying.

7. Sample Receipt

After successful posting, click Print Receipt. The system should create a unique receipt number.

COLLEGE FEE RECEIPT	VALUE
College	ABC Engineering College
Receipt No.	REC/2026/00125
Date	28-09-2026
Student ID	BTECH26CSE001
Student Name	Student A
Programme	B.Tech CSE – 1st Year
Fee Head	Tuition – I Installment
Amount	■10,000
Payment Mode	UPI
UPI Reference	UPI202609280001
Previous Due	■22,000
Received	■10,000
Balance	■12,000
Received By	accounts01

Receipt buttons

[PRINT] [REPRINT] [DOWNLOAD PDF] [CLOSE]

Reprint creates another copy of the same receipt; it must not create a second financial transaction.

8. Daily Cash / UPI Register

Accounts → Reports → Daily Collection / Register. Select date and click Generate.

Date	Receipt	Student	Cash	UPI	Bank/Card	Total
28-09-2026	1001	Student A	■5,000	—	—	■5,000
28-09-2026	1002	Student B	—	■10,000	—	■10,000
		TOTAL	■5,000	■10,000	—	■15,000

Daily closing steps

- Run the date-wise collection report.
- Count physical cash.
- Verify UPI references/status.
- Compare system totals with actual cash and digital settlements.
- Record any variance.
- Supervisor reviews and approves closing.

DAILY CLOSING	
Date	28-09-2026
Cash System Total	■5,000
Cash Counted	■5,000
UPI System Total	■10,000
UPI Verified	■10,000
Difference	■0
BUTTONS	[GENERATE] [VERIFY] [SAVE CLOSING] [PRINT] [APPROVE]

9. Student Ledger & Outstanding

Student ledger procedure: Reports → Student Ledger → search student → select academic year → Generate.

STUDENT LEDGER	
Student ID	BTECH26CSE001
Demand	■22,000
Paid	■10,000
Concession	■0
Refund	■0
Balance	■12,000
BUTTONS	[SEARCH] [GENERATE] [PRINT] [EXPORT EXCEL] [CLOSE]

Outstanding report procedure: Reports → Outstanding → select date/year/branch → Generate → export/print.

Student ID	Student	Branch	Demand	Paid	Balance
BTECH26CSE001	Student A	CSE	■22,000	■10,000	■12,000
BTECH26ECE002	Student B	ECE	■22,000	■0	■22,000

10. Bank / UPI Reconciliation

Procedure

- Reports/Accounts → Reconciliation.
- Select bank/account and date range.
- Import or enter bank/gateway statement if supported.
- Match receipt number/reference + amount.
- Mark matched transactions.
- Investigate unmatched, reversed or failed payments.
- Save reconciliation and print exception list.

RECONCILIATION				
Date Range	28-09-2026			
System UPI	■10,000			
Bank/Gateway	■10,000			
Matched	■10,000			
Unmatched	■0			
BUTTONS [IMPORT] [MATCH] [UNMATCH] [SAVE] [PRINT EXCEPTIONS] [CLOSE]				

Receipt	Mode	Amount	Reference	Status
REC00125	UPI	■10,000	UPI202609280001	Matched
REC00126	Bank	■22,000	NEFT12345	Pending

11. Scholarships / Concessions

Procedure

- Verify approved scholarship/concession document.
- Open Student → Fee Adjustment/Concession.
- Select permitted fee head.
- Enter approved amount and reason.
- Enter approval/reference if required.
- Save and verify revised balance.

FEE CONCESSION	
Student	BTECH26CSE001
Original Tuition	■50,000
Approved Concession	■10,000
Net Payable	■40,000
Reason	Approved concession
Approval Ref.	APP/2026/015
BUTTONS	[SEARCH] [ADD CONCESSION] [SAVE] [PRINT] [CLOSE]

12. Refund / Cancellation

Procedure

- Accounts → Refunds → Search original receipt.
- Verify eligibility and approved refund amount.
- Enter reason and approval reference.
- Select refund mode.
- Post refund/credit note.
- Print refund acknowledgement.
- Reconcile refund with cash/bank.

REFUND	
Receipt No.	REC/2026/00125
Student	Student A
Original Paid	■10,000
Approved Refund	■2,000
Reason	Approved refund
Refund Mode	Bank
Approval Ref.	REF/2026/004
BUTTONS	[SEARCH] [CALCULATE] [APPROVE] [POST REFUND] [PRINT] [CLOSE]

13. Reports & Export

Reports menu should provide date, academic year, branch, fee head and payment-mode filters where supported.

REPORTS	
Report	Daily Collection
Academic Year	2026–27
From Date	01-09-2026
To Date	28-09-2026
Branch	All
Payment Mode	All
BUTTONS	[GENERATE] [FILTER] [PRINT] [EXPORT EXCEL] [EXPORT PDF] [CLOSE]

Recommended reports: Daily Collection, Receipt Register, Student Ledger, Outstanding, Branch-wise, Fee-head-wise, Cash, UPI, Bank Reconciliation, Concession and Refund.

14. Management Dashboard & Monthly Review

Monthly review procedure

- Dashboard → select month.
- Review total demand vs collection.
- Review branch-wise collection.
- Review outstanding.
- Review cash/UPI/bank split.
- Review refunds and concessions.
- Export management summary.

MONTHLY DASHBOARD	
Month	September 2026
Total Demand	■25,00,000
Collection	■18,00,000
Outstanding	■7,00,000
Cash	■4,00,000
UPI/Bank	■14,00,000
BUTTONS	[REFRESH] [BRANCH REPORT] [OUTSTANDING] [EXPORT] [PRINT]

15. Academic-Year Closing

Closing procedure

- Run receipt register and verify sequence.
- Review cancelled/void receipts.
- Complete cash closing.
- Complete UPI/bank reconciliation.
- Review refunds and concessions.
- Review outstanding list.
- Export/backup required reports.
- Take approved backup.
- Admin/authorized manager clicks Close Academic Year if available.

YEAR CLOSING	
Academic Year	2026–27
Receipt Sequence	Verified
Cash	Reconciled
UPI/Bank	Reconciled
Refunds	Verified
Backup	Completed
Closing Status	Ready
BUTTONS	[CHECKLIST] [BACKUP] [LOCK YEAR] [PRINT SUMMARY] [CLOSE]

16. Error Handling & Controls

Common errors and correct action

Issue	Correct action
UPI paid, screen failed	Verify gateway/bank status and receipt register before retrying.
Duplicate click	Search receipt/ledger first; do not post again.
Wrong fee head	Use authorized adjustment/correction; preserve original audit trail.
Wrong student	Stop transaction; authorized admin corrects identity.
Cash mismatch	Recount and reconcile receipt register.
Need old receipt	Use Search → Reprint, not New Receipt.
Password issue	Use approved reset process; never share credentials.

Control rule: posted financial transactions should not be deleted merely to correct mistakes. Use cancellation, reversal or adjustment functions with authorization where available.

17. Staff Daily Checklist

Check	Morning	During Day	Closing
Academic year/date	■	■	■
Student duplicate check	—	■	—
Correct fee head	—	■	■
Receipt generated	—	■	■
UPI reference verified	—	■	■
Cash counted	—	—	■
Daily report	—	—	■
Reconciliation	—	—	■
Supervisor approval	—	—	■

Monthly checklist: collection summary, outstanding review, refunds/concessions, bank/UPI reconciliation, receipt sequence, audit-log review and backup.

18. Quick Button Map

Module	Common buttons	Purpose
Login	LOGIN / CLEAR	Enter or clear credentials
Student	NEW / SEARCH / SAVE / EDIT	Create and maintain student master
Fee Structure	ADD HEAD / CALCULATE / SAVE	Configure approved fees
Demand	GENERATE / PREVIEW / CONFIRM	Create fee demand
Collection	SEARCH / CALCULATE / POST	Receive and post payment
Receipt	PRINT / REPRINT / PDF	Issue/reissue receipt
Reports	FILTER / GENERATE / EXPORT	Produce reports
Reconciliation	IMPORT / MATCH / SAVE	Match digital transactions
Refund	APPROVE / POST REFUND	Controlled refund processing
Closing	CHECKLIST / BACKUP / LOCK YEAR	Academic-year closure

Final SOP: Login → Verify Year → Student → Demand → Collection → Post → Receipt → Daily Register → Reconcile → Reports → Backup/Closing.

This manual uses illustrative screen layouts. Exact field names, permissions, fee amounts, approval rules and statutory/institutional requirements must follow the actual software and college policy.
